Kandu Arts Alternative Provision Range of Services 2023 - 2024

Kandu Arts has been based in Chippenham and have served the local communities in the west country for since 1998. Our alternative provision programme offers personalised support to children, young people and their families at crucial points in their lives.

The programme is both creative and process led, promoting inclusion and personal development. We utilise a combination of 1 to 1 and group work - mentoring and therapeutic support is provided as a 'wrap around service' to support the development of the young persons emotional literacy, behaviour management and coping mechanisms. This holistic approach has proven highly successful and effective at building strong relationships, facilitating individuals to get the help, opportunities and confidence they need to improve their life chances/outcomes.

We have a track record of supporting the most disengaged and/or those with the most complex needs. We are an accredited provider for Wiltshire Council.
